15 Appendix 1 - Provider Access Policy statement

Introduction

This policy statement sets out the school's arrangements for managing the access of providers to the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

Pupil entitlement

All pupils in years 8 to 13 (including those with special educational needs and disabilities) are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships - through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.

For pupils of compulsory school age these encounters are mandatory and there will be a minimum of two encounters for year 8 to 9 pupils and two encounters for year 10 to 11 pupils. For pupils in year 12 to 13, particularly those that have not yet decided on their next steps, there are two more provider encounters available during this period, which are optional for pupils to attend.

These provider encounters will be scheduled during the main school hours and the provider will be given a reasonable amount of time to, as a minimum:

- share information about both the provider and the approved technical education qualification and apprenticeships that the provider offers
- explain what career routes those options could lead to
- provide insights into what it might be like to learn or train with that provider

(Including the opportunity to meet staff and pupils from the provider)

- answer questions from pupils.

Meaningful provider encounters

One encounter is defined as one meeting/session between pupils and one provider. We are committed to providing meaningful encounters to all pupils using the Making it meaningful checklist.

Previous providers

In recent terms/years we have not been able to invite providers from the local area to speak to our pupils. Pupils have been able to speak to providers during supported visits on an individual/group basis to the following providers:

- Shrewsbury College
- Reaseheath College
- Telford College
- SBC Training
- ASK Apprenticeships

Destinations of our pupils

Last year our year 11 pupils moved to range of providers in the local area after school:

- Shrewsbury College
- Newcastle and Stafford Colleges Group
- Reaseheath College
- Grove Sixth Form College
- LLS

Opportunities for access

We are always actively looking to secure partnerships, work experience placements and talks from outside agencies to broaden our CYP horizons. We believe that it is essential that all of our CYP have meaningful exposure to businesses and employers in order to enhance their understanding of potential career routes when leaving school.

The school offers the six provider encounters required by law (marked in bold text above) and a number of additional events, integrated into the school careers programme.

We will offer providers an opportunity to come into school to speak to pupils or their parents or carers. Providers will be expected to meet the school's safeguarding requirements which can be found in the Safeguarding Policy Statement accessible on the school website.

Please speak to our Careers Leader to identify the most suitable opportunity for you.

Bespoke presentations

These allow you to deliver presentations and speak to a large body of CYP in either an assembly time slot (15 minutes) or one-hour lesson slot.

Employer-led skills seminars/workshops

Careers seminars give you a chance to develop the careers education of Woodlands CYP by teaching them application and interview skills, or providing insights about a particular industry.

Premises and facilities

The school will make the main hall, classrooms, or private meeting rooms available for discussions between the provider and pupils, as appropriate to the activity. The school will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader or a member of their team.

Meaningful online engagement is also an option, and we are open to providers that are able to provide live online engagement with our pupils.

Providers are welcome to leave a copy of their prospectus or other relevant course literature at the school's Main Reception or with the Careers Lead.

Complaints

Any complaints with regards to provider access can be raised following the school complaints procedure.
