

### Why choose Fine Art A Level?

If you have a flair for art and design and a passion for drawing, painting and being creative, A Level Fine Art could be for you.

### What will I study?

You will develop fine art (paint and print) skills using a variety of media, processes and techniques as well as gaining knowledge of historical and contemporary painters, styles and genres.

### What career and university options can it lead to?

A number of students carry on to art schools to take Art and Design Foundation courses. Careers in the worlds of graphic design, advertising, fashion, illustration and film special effects are just a few possibilities.
